FOREWORD

This is a continuing monthly issue of committee prints of Veterans' Administration activities initiated with the February 1972 edition, which was designed to fill the need of Members of Congress and other interested parties for accurate and conveniently presented detailed information about programs administered by the Veterans' Administration.

It contains statistical information concerning Veterans' Administration activities on most of the major programs, including health care, VA drug dependence, VA alcohol dependence, education and training, compensation and pension, guaranteed or insured loans, and direct loans.

In addition, on a quarterly basis, tables are added to reflect the cumulative statistics for the fiscal year to date for these programs where such information is pertinent. Also, on a periodic basis, information on the veterans' outreach services program, the insurance program, and the Veterans' Administration expenditures, and the veterans population statistics will be included.

We believe that regular reporting of these data will be of considerable benefit to the members of the Veterans' Affairs Committee and other interested and concerned parties.

The committee wishes to thank the Veterans' Administration for its splendid cooperation in helping to make this material available.

VANCE HARTKE,
Chairman.
